

2008 Classic and City Dates to Remember

First Classic and City swimmer estimates are due on/or before Sun. 6/29.

For Classic we need total number of swimmers only.

For City we need your total swimmer number breakouts as follows:

Total 15-18 Total 7-10* (Sat am) and Total 11-14 (Sat pm)

*Please remember per our rules 6 and unders do not swim at City even if they have qualifying times.

Final Classic and City numbers due by Mon 7/7. Please make great efforts to insure the numbers you provide are as close to firm as possible because they are the numbers we use to assign volunteers by team.

If your final entry numbers are much higher than you provided us on 7/7 you should expect to get last minute volunteer assignments to reflect that change. If your numbers are much lower we make no promise to change your volunteer requirements. So please give us good - realistic numbers!

MD's will send out team job assignments by Tues 7/8.

Volunteer Coordinators must return two things to us no later than Sun 7/13:

1. Worker lists w/ volunteer names and phone numbers. You MUST fill out the Job Coordinator document file in Word for printing of nametags, etc. for City and Classic.

2. Name of specific Park Rep from your team who will be working at that meet. We need at least one Park Rep working at Classic and one for City.

If you have any questions about these dates or requirements contact the Meet Director for your meet:
